Thermo Fisher Scientific Launches Versatile Medium for the PER.C6 Cell Line

LOGAN, Utah, (July __, 2007) — Thermo Fisher Scientific Inc., the world leader in serving science, has developed a new medium for the culture of the PER.C6® (CruCell NV-The Netherlands) cell line.

Thermo Scientific HyClone CDM4PERMAb™ is a chemically-defined medium containing no animal derived components. This high performance cell culture medium has been developed to increase process yields in the production of human antibodies and recombinant proteins using PER.C6 technology. It has been successfully tested in a variety of applications, including fed-batch bioreactors.

The HyClone product line includes Serum-Free Media and these Process Supplements for the biopharmaceutical and research markets designed for many key cell lines, including: Chinese hamster ovary (CHO), hybridomas and myelomas, HEK 293, PER.C6, insect and kidney epithelial cells (e.g., Vero, MDCK).

Thermo Scientific is part of Thermo Fisher Scientific.

About Thermo Fisher Scientific

Thermo Fisher Scientific Inc. (NYSE: TMO) is the world leader in serving science, enabling our customers to make the world healthier, cleaner and safer. With an annual revenue rate of more than \$9 billion, we employ 30,000 people and serve over 350,000 customers within pharmaceutical and biotech companies, hospitals and clinical diagnostic labs, universities, research institutions and government agencies, as well as environmental and industrial process control settings. Serving customers through two premier brands, Thermo Scientific and Fisher Scientific, we help solve analytical challenges from routine testing to complex research and discovery. Thermo Scientific offers customers a complete range of high-end analytical instruments as well as laboratory equipment, software, services, consumables and reagents to enable integrated laboratory workflow solutions. Fisher Scientific provides a complete portfolio of laboratory equipment, chemicals, supplies and services used in healthcare, scientific research, safety and education. Together, we offer the most convenient purchasing options to customers and continuously advance our technologies to accelerate the pace of scientific discovery, enhance value for customers and fuel growth for shareholders and employees alike.
